DESCRIPTION

The Multi-Lite was first drawn in 1972 when Louis Weisdorf did an exception to his own design custom of using multiple repeating elements. Instead it reflects his passion for diversity. The Multi-Lite pendant has two individual rotating shades and can be transformed into multiple combinations where the light can be directed upwards, downwards or exude an asymmetrical art light. The lamp is available in seven colors and all the shades are white lacquered inside.

CARE INSTRUCTIONS

Some advice on cleaning your lamp:
Wipe the parts with a damp cloth soaked in warm water and a bit of mild detergent. Clean only with soft lint-free and polishing cloths, sponges or steel wool. Do not use abrasive household cleaners. Do not use acids or alkaline cleaning products, glass cleaner or household ammonia.

TROUBLESHOOTING

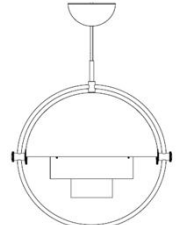

If lamp does not light, turn off the power. Check the bulb for correct filament. Replace bulb if necessary. Then turn it on.
If the lamp still does not light, check contact mechanism service at the bulb holder.
If the external flexible cable or cord of this lamp is damaged, it must be replaced by a qualified electrician in order to avoid a hazard.
